Description

Launched in October 2020, this Outremer 5X, Hull # 27, is an upgraded version with a more 'performance' oriented type of configuration, e.g. optimized foam core weight-saving construction, carbon/vinylester (no polyester), rotating carbon mast, carbon rudders, carbon rudder tubes, carbon arms and shafts, longer daggerboards, full North Sails 3Di inventory, rotating carbon mast, multiple electric winches, etc. All deck gear and associated hardware are upgraded among many other refinements completed by the owner following delivery of the yacht from Outremer. (complete list available upon request). The owner's desire to be able to sail the 5X short-handed and without a professional crew, in complete safety and comfort, has been achieved with this outstanding 5X.

While "Horizon" is upgraded for optimized sailing, she also features the safety items and cruising amenities sought by astute ocean-crossing sailors. Select options such as additional solar panels, additional Lithium house batteries, 220v and 110v electric systems, watermaker, washing machine, dishwasher, additional freezer unit, 3 heads each with electric toilets and shower, convertible main saloon table, isolation transformer, just to name a few, are choice options installed in this Owner's Version 3-cabin layout 5X.

There is an Outremer factory warranty that transfers with the vessel to the new owner upon Closing.

Currently in Guadeloupe, enroute to Antigua, "Horizon" is available for offers immediately and purchase can be finalized in this location, or St. Maarten, or stateside. Please contact Listing Broker, Robert Taylor, for a complete list of options, features, sail inventory and more. Email: Robert@justcatamarans.net Cell: 1-443-223-6268
