FREEDOM

Owner's Version catamaran, two owners, never chartered, with a new water maker, solar panels, lithium batteries and new engines that were replaced in 2018!

Freedom is the most well-equipped Lipari on the market, she is in Bristol condition and won't last long!

The Lipari 41 Evolution undoubtedly solidifies the model's status as one of the world's top cruising catamarans in its class.

This Maestro version is a true Owner's version with an exclusive private suite in the starboard hull including a decadent queen-sized bed, desk, library and beautiful ensuite with contemporary designer fixtures.

Manufacture Description

This owner version Lipari has an open, spacious galley with ample counters and a large fridge and a separate huge 4 drawer freezer. She has a custom-made shelf unit that is easily removable and lots of storage for galley items.

She features a very comfortable L shaped settee and dinette in the salon with a very functional forward facing navigation table.

On the port side, the forward cabin mattress has been removed and the owner has made a storage room/workshop. This is easily re-converted to the third berth. A large head with a roomy separate shower is located in the middle of the hull. The aft cabin is the guest cabin, with Queen size bed and hanging lockers and shelving.

The Starboard side is the owner's cabin with a spacious berth featuring a thick new memory foam mattress. There is a desk and seat with a wide hull space athwartships. There is lots of storage in here and room to stretch out. Going forward you will find the large owners head with electric toilet, stylish sink basin, and a shower large enough for two.

The Cockpit is well thought out and designed for maximum ergonomic comfort. She has a large table for dining and relaxation with another settee aft of the helm. The elevated helm provides great visibility and comfort with good access in and out to the deck or cockpit. The decks have a great non-skid with flat surfaces to walk on.
