Description

PRELIMINARY LISTING (Stock Factory Description)

The Gunboat 57 built upon the success of her earlier sisters, and is a lightweight, high tech 57' performance cruising cat for sailing as owner-operators or with a small crew. The GUNBOAT 57 was designed on the principles of simplicity, reliability and ease of access. This series introduced several new innovations which made this luxury cruiser ideal for cruising, daysailing with friends, and competitive racing.

General Systems and Equipment

- Sail Package: North 3DI main sail with three reefs, furling staysail, furling solent, and furling J1. Aramid masthead A5 Gennaker (deep reacher) and fractional downwind chute. (Note: Working sails need replacing.)
- Power: 720 amp hour Mastervolt Lithium Ion battery bank (24volt). 2700 watts of Solbian solar panels on the coach roof. 10 kilowatt Phasor genset. Twin 140 amp hour (24 volt) house alternators on the Yanmars.
- Spectra Catalina 300 water maker (12 gallons per hour).
- Navigation: B&G Zues chart plotter (touchscreen is amazing!), B&G 4G radar, 2 x B&G H5000 autopilots.
- Comms: KVH V3 satellite connection, 4G cell booster, wifi booster, ICOM VHF.

Post Build Enhancements

Significant Upgrades The owners had Vandal built, to realize a dream of long distance family cruising - with Pacific sailing in mind. With this in mind, the owners spent many months upgrading and testing improvements, to beef her up, in order to make her "pacific ready". The improvements were numerous, including building an entirely new (more rugged) mast, a new sail package and replacing her centerboards, with a deep cruising keel. The result was a boat that was PACIFIC STRONG. She could handle being fully loaded and sailed to her true potential. The improvements have proven themselves, in over 15,000 miles of practical, safe, blue water cruising.
