Description

The Admiral 38 is one of the best sailing 38 foot cats on the market. A sleek, seaworthy design, not a boxy condo-like boat, Nauti Cat has a wide beam and excellent hull design that handles and sails like a larger catamaran. The interior is more roomy than some 42 foot cats, with a comfortable and spacious layout. They are true blue-water passage makers and most all of the 38s, including this one, have sailed accross the Atlantic on their own hulls. This is an outstanding value on a great never chartered sailing /cruising Cat. Nauti Cat has:*Newer engines with only 210 hours, (3 years old)*New Sail drive on port side, rebuilt saildrive on Stb. (3 years old)*New Air Conditioning (2 Years old)*New Galley Stove and ovens*New Charger/ inverter*Newer Batteries, new faucets, heads, receptacles, bilge pumps, head stay, furler, blocks, Etc.

Accommodations

Enter the salon through the large sliding glass doors with adjustable blinds and notice the high head space in the salon. To starboard is a large comfortable settee with a huge table for dining or just sitting and relaxing. there is ample storage around and under the seats, a great place to watch TV on the new fold out TV that is mounted at the nav station.

To the port side in the salon is the galley with a brand new propane stove and oven. The sink and all faucets are new and it has more counter top space than some 55 foot cats I have sold! There are 2 large refrigerators under the huge counters and she has a microwave oven as well.

Moving down the steps to the starboard side is the owners suite. There is a large bed in the aft cabin and lots of cabinets in there. The spacious hull area has 5 large hanging lockers to the outboard side and 2 lockers to the inboard side providing loads of storage space. At the forward end of the hull is the huge master head with shower and new toilet, vanity and sink. Through-out the boat, there is all new sanitary plumbing including a new 35 gal. holding tank. These are some storage lockers in the head as well.

On the port side hull there is a large, complete aft cabin and a forward third cabin with lots of storage lockers. Between the 2 cabins is a separate head and shower with a vanity and sink. There are more storage lockers in the port hull too!

The Cockpit has a large table for outdoor dining or sitting with plenty of enclosed room. there is a large Captain's seat at the helm controls where a couple can sit and steer or sail from. Aft of the cockpit is a walkway running from port to starboard with newer soft deck flooring that extends down to the stern scoop steps for nonslip, beauty and comfort.

The side decks are not sloped but flat for walking on. The trampolines were just re-strung with Dyneema lacing.
