Description

The Leopard 48 Crewed Version (4 cabins w/2 crew cabins) was a very popular award- winning boat that offered blue water performance and great live aboard comfort and space. She has a large settee in the salon and one in the forward cockpit with steps up to the forward deck. She has a huge aft cockpit, with a giant cockpit table, an open stern end and an elevated helm station for a 360-degree view. She is an ideal long-range cruiser and live aboard yacht.

This vessel has had extensive upgrades, including a new galley with new refrigeration, new induction cook top, new convection oven, new microwave oven. A new Chart Plotter, all new air conditioning through-out, 4 new LiFePO4 house batteries and many more upgrades, see list attached. She started her life as a charter vessel in the BVIs and got some deep scratches on the starboard hull during Hurricane Irma but they were expertly repaired at the time and went back into charter service.

The current owner has taken very good care of her, made many improvements and it shows. This vessel is now in Ft. Lauderdale, Call now for a showing!

accommodations

The aft cockpit has a very large table with seating for the whole crew. There is a fridge for drinks under the raised helm station with steps going up to it. The stern is open with life lines for your protection but allows freedom of movement along the stern. There is a dive tank rack welded into the stern stantions. at the stern, there is also ample space to fish or board the dinghy or the 2 kayaks that are included.

Moving into the salon area you will notice the new and beautiful galley. The propane stove and oven have been removed and replaced with an induction cook top and a convection oven and a microwave oven and a new fridge/freezer to starboard. To port and starboard you will see steps going down to the 4 cabins plus crew quarters, these consist of queen sized berths with ensuite heads and showers. (very spacious) Going forward through the salon you will see a door opening to the forward cockpit.

This area is made for covered seating, with steps going up to the foreward deck. The side decks are wide and flat, easy and safe for moving about.

The raised helm has a new chart plotter and great visability. Almost all running rigging lines are at the helm station for short handing the boat with ease.
