## Description

### U.S. DUTY PAID – READY FOR AMERICAN WATERS!

#### Excellently maintained and ready to set sail. No previous damage or claims.

The most compact representative of the range, the Bali 4.0 has all the standout features: a rigid bridge all the way toward the bows, a "garage" door aft, and an open concept with abundant space, making her the ultimate lounge boat capable of crossing oceans.

The lifting "garage" door, along with the sliding windows, seamlessly combines the cockpit and the salon into one connected area, blending exterior and interior living spaces. The rigid bridgedeck, instead of netting between the bows, creates a spacious outdoor lounge with a dinette, wrap-around settees, and sunpads.

The large sliding window in front allows further interaction between the salon and the forward cockpit and brings a refreshing breeze into the interior.

Finally, the generous accommodations and ample storage make her the perfect boat for both short- and long-term cruising.

The vessel was lightly used for charter in Croatia before her current owner sailed her across the Atlantic to Miami - America's gateway to the Caribbean and one of the world's most scenic destinations, with year-round warm waters, balmy winds, and a dramatic city skyline as the backdrop.

### Highlights

- U.S. duty paid
- New mainsail (2025)
