Description

The whole point of owning a powercat is freedom. The freedom to go farther, stay longer, and wake up somewhere incredible anytime you want, but without thinking about when you need to leave. **WANDER TWINS II**, a 3-cabin 2023 Leopard 46PC, has been thoughtfully optioned and extensively upgraded to make that kind of cruising not only possible, but easy.

Picture waking up in the crystal-clear waters of the Bahamas. Brew some coffee, make breakfast, crack open your book and ease into the morning. In a few hours you'll throw in a load of laundry then drop the tender and head out to explore. Maybe you find a new island, a hidden cove, or a secluded beach where you spend the afternoon doing absolutely nothing but relaxing. A few hours later, you head back to the boat, grab a cold drink, and make your way up to the flybridge just as the sun begins to set.

Tomorrow, maybe you move on. Maybe you don't.

That's what makes **WANDER TWINS II** so special. Your decisions can be based on where you want to go and what you want to do, rather than what the boat needs from you. Instead of planning your cruising around shore power, water, laundry, refrigeration, or food storage, you can spend more time enjoying the reason you bought the boat in the first place.

And when it is time to move, **WANDER TWINS II** is designed for a cruising couple to comfortably operate on their own from either the flybridge or saloon helm stations. Excellent visibility, integrated cameras with augmented reality, and a bow thruster help take the stress out of maneuvering, while twin 370HP Yanmar diesels make putting another island on the horizon both tempting and easy.

WANDER TWINS II isn't simply a Leopard 46PC with a long list of expensive upgrades. She's a boat whose upgrades were thoughtfully selected to give her owners something much more valuable: time, comfort, freedom, and choices.

Below are just a few of **WANDER TWINS II**'s most notable features:

- ***U.S. Import Duties Paid***
- 2,220W of solar
- 1,800Ah lithium house battery bank
- Spectra Newport 400 Watermaker

See below for additional details on **WANDER TWINS II**!
