Description

Luxury and capability rarely exist in equal measure, yet **THURSDAYS CHILD**, a 2023 Xquisite X5 Plus, has proven to deliver both. Named after the classic rhyme celebrating those destined for life's great adventures, this 3-cabin/3-head layout offers the freedom to comfortably cruise virtually anywhere while enjoying an unheard-of list of standard features and upgrades that have made Xquisite one of the world's most respected cruising catamaran brands.

Beyond being a thoughtfully built and upgraded cruising catamaran, **THURSDAYS CHILD** is a proven offshore platform that has already completed a transatlantic crossing under her own sail, demonstrating exactly what she was built to do. Equipped with a highly upgraded lithium bank alongside an expanded solar array, dual redundant watermakers, Starlink, and electric furling and winches, she offers the independence to cruise confidently for extended periods. Whether your plans include the Caribbean, offshore ocean passages, or life at anchor, **THURSDAYS CHILD** is ready for the adventure.

Just as importantly, her systems are designed to simplify life onboard. Sail handling is effortless, power management requires minimal attention, and daily living feels intuitive whether you're an experienced cruiser or embarking on your first serious liveaboard adventure. Combined with an extensive inventory of spare parts, tools, and cruising equipment, **THURSDAYS CHILD** offers the confidence to cast off the lines and start your next adventure on day one.

Conveniently located just 20 minutes from the airport in Santa Marta, Colombia, **THURSDAYS CHILD** is available for showings by appointment.

Below are just a few notable features of **THURSDAYS CHILD**:

- 2,280W of integrated rigid solar panels
- 800Ah/22kWh (24V) Mastervolt lithium house battery bank
- Full suite of Garmin electronics including
- 2 Fully integrated Schenker Spectra water makers
- Turnkey ready and fully equipped for blue water cruising and ocean passages
