Description

Welcome aboard **SOLUNA**, a beautifully equipped 2024 Leopard 53PC 3-cabin Owner's Version designed to make extended cruising as comfortable and enjoyable as life at home.

With fewer than 500 hours on her twin 370HP Yanmar engines, **SOLUNA** has plenty of adventures ahead. From exploring the beauty of The Berry Island to spending a few weeks in the crystal clear waters of The Exumas, her spacious flybridge, generous living areas, and well-appointed accommodations make life aboard both easy and a pleasure. Add powerful air conditioning, onboard watermaking, and Starlink connectivity, and you've got the freedom to stay a little longer in those anchorages you never want to leave.

Just as importantly, **SOLUNA** has benefited from recent engine and generator servicing, a fresh bottom paint job, and exterior detail to name a few. With much of the preparation already done, she offers a turnkey opportunity for a cruising couple looking to spend more time enjoying the water and less time managing projects and logistics.

Currently located in Fort Lauderdale, less than 20 minutes from Fort Lauderdale International Airport, **SOLUNA** is available for showings by appointment.

Below are just a few of **SOLUNA**'s most notable features:

- **U.S. Import Duties Paid**
- Full suite of Raymarine Electronics
